This is a SAMPLE Phakama match report rendered from StatsBomb open data for sales demonstration only. Real Phakama match reports are produced exclusively from a paying club's own match footage and never contain another club's data without contractual permission. The Phakama-branded format you see — navy header, gold accent, single-page summary, shot map, and AI-written 'Story of the match' — is identical to what your club would receive within 36 hours of every fixture upload.
